About Us

- **Innovation & Customization**

We specialize in innovative and tailored solutions to streamline operations and enhance customer engagement and satisfaction.

- **Growth & Efficiency**

Our commitment is to operational efficiency and driving growth through the perfect self-service answers to your challenges.

- **Automated Delivery Systems**

As service-driven providers, we offer cutting-edge automated delivery solutions.

- **Software & Integration**

We provide customized secure software solutions and seamless integration.

- **Robust Hardware**

Our portfolio includes robust hardware available at various price points.

- **Experienced Leadership**

Our Senior Management team is proud of their extensive experience in kiosk design, deployment, support, and operations, having placed over 17,000 kiosks.

- **Global Ventures**

We have recently launched a venture with a top global consumer brand in partnership with the world's largest retailer.

- **Cutting-Edge Lockers**

We customize and design advanced locker solutions for storage, retrieval and delivery.

- **Robotic Automation Kiosks**

State-of-the-art Hot Food Kiosks and Pizza Kiosks providing Customer Access 24/7

Management Benefits & Cost Savings

Streamline Processes / Decrease Workload

- **Customizable Solutions**

Ambient, Refrigerated or Heated options; Rear or Front entry; Selection of Cabinet Sizes – solid or glass doors.

- **Scalability and Flexibility**

Modular, expandable Locker System allows for easy expansion and adaptability.

- **Increased Efficiency**

Smart technology enables remote oversight and management.

- **Informed Decisions**

With access to real-time data, administrators can analyze locker usage trends, improving the allocation and distribution of lockers.

- **Improved Security**

Digital locking systems and instant notifications ensure security.

- **Easy Integration**

End-to-end software integration with the college's management system, stored value card, and POS.

Locker Customization & Modifications for Prescription Pick-Ups

Each Locker shown in this deck can be customize and modified to meet your needs.

- Optimal Cabinet size, depth and mix
 - Cabinet size can be as small as 3x3 to 12x22 inches (potential for larger)
 - Cabinets depth can vary from 12-24 inches
 - Locker can be configured with varying size Cabinets
- Cabinet doors can be solid metal, clear, or frosted tempered glass
- Temperature: there can be a mix of ambient and refrigerated cabinets in any Locker
- Locker loading: Front-end or Back-end
- Automatic loading in Lockers
- Weight Scale: available inside each cabinet confirming type and quantity
- Software Integration: available for both IOS and Android applications

Additional Options:

- Customized Wraps to showcase College branding or use-case or advertising partnerships
- Desired selection of features: basic versus loaded with upgrades
- Feasibility of outdoor Lockers
- Additional software features and functionality required
 - customer identification requirements
 - Authentication via current applications will be integrated
